Yucaipa, CA 92399

PROFESSIONAL SUMMARY

Experienced transportation associate with a strong background in aviation operations, including ramp services and fleet management. Proficient in using Microsoft Excel, yard management, fleet monitoring, and freight management console software to ensure efficient operations. Holds a Class A driver's license with endorsements for hazmat, doubles, triples, and tankers. Demonstrated leadership skills as a Tier 3 Transportation Associate, overseeing daily operations and managing a team of associates. Actively involved in the Aviation Club at San Bernardino Valley College and a competitor in the Aerospace Maintenance Council (AMC) competition. Seeking to leverage extensive aviation experience and technical skills in an Aircraft Maintenance role.

WORK HISTORY

Amazon Air - Tier 3 Transportation Associate
San Bernardino, USA • 08/2023 - Current

- Utilize Microsoft Excel, yard management, fleet monitoring, and freight management console software to track trailers and maintain yard organization
- Operate a big rig to transport freight between Amazon sites twice a week
- Serve as the point of contact during manager absence, ensuring smooth operations and timely freight dispatch
- Lead and supervise a team of transportation associates, coordinating with inbound and outbound operations to meet deadlines

Amazon Air - Amazon Air Associate - Ramp
San Bernardino, USA • 07/2021 - 08/2023

- Operated Ground Support Equipment (GSE) including tugs, pushbacks, belt loaders, and K-loaders for aircraft servicing
- Transported freight to K-loaders for aircraft loading and unloading
- Conducted pushback operations, aligning aircraft for runway departure
- Performed marshalling signals and communicated with pilots during pushback operations

EXTRA-CURRICULAR ACTIVITIES

Active member of the Aviation Club at San Bernardino Valley College
Competitor in the Aerospace Maintenance Council (AMC) competition
